

Appendix 2A

OBJ Limited (**ASX: OBJ**) (**OBJ** or **Company**) refers to its recently announced capital raising including a placement of shares to sophisticated investors to raise \$1,500,000 before costs. OBJ is pleased to announce that it has accepted oversubscriptions for the placement of a further 635,351 fully paid ordinary shares at A\$0.10 per share to raise approximately a further \$63,535 before costs.

ABOUT OBJ

OBJ is a fully integrated Wellness company with an in-house Innovation and R&D unit in Perth, Western Australia, as well as Neuchatel, Switzerland. The Design & Technology and Supply-chain hub operates from Dongguan, China, and the Digital Communications team is based in Zagreb, Croatia. Regional Marketing & Sales teams are located in Switzerland, Korea and the UK.

In addition to OBJ's own-brand, RÉDUIT, OBJ also offers a portfolio of proprietary technologies and supports partners by providing IP-protected market exclusivity, expertise in magnetic array design, feasibility and efficacy, and claims testing, engineering and production.

OBJ's established operations via its wholly-owned business units are:

- The **Innovation & R&D** Unit provides technology to the other business units of the Company, as well as licensing and development services to international partners.
- The **Design & Technology and Supply-chain** hub in Dongguan, China has the ability to rapidly develop and industrialise the Company's technologies and innovations in an agile, efficient, secure and cost-effective manner.
- The **Digital Communications** and **Marketing & Sales** units are focused on supporting OBJ's own consumer brands, namely RÉDUIT and WELLFULLY.
- **BodyGuard** is the Company's therapeutic unit and develops advanced "direct to site of injury" patch products for the wellness and pain management sectors. This technology also has applications across supplement, healthcare, and musculoskeletal sectors.

ABOUT OBJ'S TECHNOLOGIES

OBJ has developed a number of physical enhancement technologies based on the interactions between ingredient molecules and weak atomic forces, positioning the Company as a world leader in the science of magnetic fields as they relate to drug or active-ingredient delivery.

20 August 2020

The first of OBJ's magnetic technologies was the Magnetic Microarray. Complex 3-D magnetic fields, produced by low-cost microarray film, influence the movement and penetration through the skin of drugs, active ingredients and formulations at the molecular level. This was licensed and commercialised in 2014.

The second magnetic technology, the Programmable Array technology, employs powered electromagnetic fields that can be altered to suit individual consumer's skincare needs. This was licensed for skincare applications in 2020.

The third magnetic technology uses magnetic fields to alter the wettability of a surface, substantially enhancing contact between liquid and solids. Magneto-Wetting underpins the Company's current developments in haircare, skincare and surface hygiene, in conjunction with OBJ's recently developed Ultrasonic Mist technology. International patents have been filed.

FORWARD-LOOKING STATEMENTS

This announcement contains certain "forward-looking statements" concerning OBJ. Where OBJ expresses or implies an expectation or belief as to future events or results, such expectation or belief is expressed in good faith and believed to have a reasonable basis.

Forward-looking statements provided in this announcement are based on assumptions and contingencies which are subject to change without notice. Such forward-looking statements including statements regarding intentions, planned events and potential results are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance.

There can be no assurance that actual outcomes will not differ materially from these forward-looking statements, and there are risks associated with OBJ and the industry which may affect the accuracy of the forward-looking statements. OBJ does not undertake any obligation to release publicly any revisions to any forward-looking statements to reflect events or circumstances after the date of this announcement or to reflect the occurrence of unanticipated events, except as may be required under applicable securities laws.

This release has been issued with the authorisation of the Board.
