

WELLFULLY ENTERS INTO AGREEMENT

TO TRADE ON FRANKFURT STOCK EXCHANGE

Wellfully Limited (ASX: WFL) (**Wellfully**, or the **Company**), the world's first fully-integrated, science-based wellness company, is pleased to advise it has engaged Deutsche Gesellschaft für Wertpapieranalyse GmbH (**DGWA**) to act as Wellfully's European investor relations partner for a minimum period of 12 months.

DGWA is a boutique European investment and financial markets consulting firm operating in Frankfurt and Berlin, Germany. The company has a 25-year track record in trading, investing and analysing SMEs around the world.

DGWA has been involved in over 250 IPO's, financings, bond issues, dual listings, and corporate finance transactions as well as corresponding road shows and awareness campaigns.

As the appointed European investor relations specialist and corporate advisor to Wellfully, DGWA will assist Wellfully to dual list the Company's stock at the Frankfurt Stock Exchange from the start date of the agreement, being 29 December 2022, and for ongoing monthly consulting work commencing from 1 January 2023.

The monthly consulting work includes:

- managing the translation of important presentation materials into the German language on DGWA's website and newsletters and to distribute press releases in a German speaking media environment
- supporting Wellfully's strategy of broadening its overseas investor base to engage with German speaking retail and institutional investors
- assisting Wellfully in all IR-PR activities, including organising interviews and round table discussions with Wellfully's representatives
- allowing Wellfully to utilise the DGWA offices in Frankfurt as the Company's official German representative office for company meetings and events
- assisting Wellfully to increase its corporate profile in Europe and trading liquidity as well as engaging with relevant EU agencies
- assisting Wellfully with equity raisings and/or debt financing in Europe if required.

ABOUT WELLFULLY

Wellfully is a fully integrated, science-based wellness company. In addition to our own-brands, RÉDUIT and SWISSWELL, we also offer a portfolio of proprietary technologies and support partners by providing IP and expertise in magnetic array design, feasibility and efficacy, and claims testing, engineering and production.

ABOUT WELLFULLY'S TECHNOLOGIES

Wellfully has developed a number of physical enhancement technologies based on the interactions between ingredient molecules and weak atomic forces, positioning the Company as a world leader in the science of magnetic fields as they relate to drug or active-ingredient delivery.

The first of Wellfully's magnetic technologies was the Magnetic Microarray. Complex 3-D magnetic fields, produced by low-cost microarray film, influence the movement and penetration through the skin of drugs, active ingredients and formulations at the molecular level. This was licensed and commercialized in 2014.

The second magnetic technology, the Programmable Array technology, employs powered electromagnetic fields that can be altered to suit individual consumer's skincare needs. This was licensed for skincare applications in 2020.

The third magnetic technology uses magnetic fields to alter the wettability of a surface, substantially enhancing contact between liquid and solids. Magneto-Wetting underpins the Company's current developments in haircare, skincare and surface hygiene, in conjunction with Wellfully's recently developed Ultrasonic Misting technology. International patents have been filed.

This release has been issued with the authorisation of the Board.
